## Safety Change in School Bus Procedure

In an effort to provide more safety for students coming to and leaving the elementary and high schools on Patch Barracks, the following changes will go into effect at the beginning of the new school year.

School buses serving Patch Elementary School and Patch High School will drop students off at the top of Illinois Strasse (Power Zone end) by the elementary school. The students will then use the connecting path to reach the main entrances. Parents are requested to drop their children off by the schools' combined main entrance only.

School buses will collect students, as before, at the combined main entrance. The buses collecting students from the elementary school will block the street between 2:30 to 2:40 p.m. and from the high school between 3 to 3:10 p.m.

Parents bringing and collecting their children are reminded they are not allowed to pass school buses stopped for either loading or dropping students off. For more information call Patch Installation Coordinator Lewie Young, 430-7293/civ. 0711-680-7293.
